LION

1964

MR. GERALD CLAYBURN

The Lion's Staff proudly dedicates this book to Mr. Clayburn for his fine work in the applied arts program. During the nine years he has been with us, he has made many contributions to our school.

Mr. Clayburn started his teaching career in 1949 at the Plattsmouth High School in Nebraska where he worked as a teacher of industrial arts and a coach of football, basketball, and track. In 1954 he joined Liberty's Industrial Arts program. 1963 was his first year in the administration as vice-principal, but we feel confident that he has won the admiration of both the faculty and the students.

The loyalty and devotion we feel for Mr. Clayburn is because of his sincere and personal interest in each student. He has guided many Liberty students with a firm but friendly hand.

DEDICATION

To the class of '64'

Congratulations to a fine group of boys and girls. Your graduation represents the crossing of a real hurdle in the path of life. You still have a distance to travel.

Keep working hard in whatever you do and exercise your right and responsibility to choose wisely. You and your classmates throughout the United States will direct the future of your country. Prepare yourself through education and training to do the best you possibly can.

Good luck. I wish you happiness.

## 

The 1963-64 Basketball season may not be considered as a successful one in terms of games won and lost, but it was successful in that our boys played hard and represented themselves and the school well. Their sportsmanship and effort have set a fine example for the teams of the following years.

# FRESHMAN BASKETBALL

Our Frosh team was a very fine group to represent the school. Their record was four wins and three losses, giving them a third place. This is the first year that the freshmen have had their own coach. In the past they have had to share a coach with the B'S.

Some of the boys that we should see much of in the future are: Albert Jay, Larry Corgiat, Wayne Boulding, and Larry Stonebarger.
